Megha Kumari

I successfully scored 99/100 marks in my English one 2nd standard 1800 examination 2013. I am very thankful to 'The Meritclass English' team for its approach, teaching skills. My four months classroom programme with 'THE ENGLISH WORLD' has been awesome. With each passing day I have been enjoying rising up my understanding in each chapter. The syllabus was never a burden to me; thanks to Meritclass team who made me enjoy every chapter. The teachers, study material along with video shown made me complete with every concept. By giving me extra one hour time support and it plays a great role towards our understanding of every chapter from all domains.

I strongly recommend 'THE ENGLISH WORLD' to all the students of standard XI and XII as it not only develops our English language skills but also boost our confidence and play a great role in personality development.
